

CABINETRY INSTALLATION AGREEMENT 2018

The Kitchen & Bath Showroom strongly recommends that we handle the professional installation of your custom cabinetry. Our Installers specialize in cabinetry to provide the best possible result. Our Installation package includes free labor related to any cabinetry warranty work and/or touch-ups and adjustments within the first year.

The Kitchen & Bath Showroom Responsibilities:

- . Confirm final room dimensions, including windows, doors and any obstacles
- . Verify plumb and level walls, ceiling, and floors
- . Deliver and unload cabinetry into job site
- . Inspect cabinets for damage or flaws at time of delivery
- . Install cabinetry per design and accommodate any changes if necessary
- . Verify that all doors/drawers are operating properly after installation
- . Install panels on appliances (usually occurs after appliance installation)
- . Install farmhouse sink (if required) in preparation for countertop templating
- . Install all moldings on cabinets per design
- . Install base molding on cabinets AFTER finish floor is installed (if applicable)
- . Install hardware on drawers and doors
- . Touch up of nail holes with manufacturer supplied paint/stain after installation

(No plumbing, electric, appliance or other cabinetry installation can be performed by our installers.)

Client/Contractor Responsibilities:

- . Job site must be secure, weather tight and climate controlled
- . Floors may be installed, but not fully finished is required
- . Sheetrock must be primed and/or painted
- . Provide level floors and plumb walls
- . Protect cabinets after installation
- . Pay installation deposit upon cabinet delivery

Accept Cabinet Installation:

Showroom Representative: _____

Client Signature: _____

Date: _____

DECLINE Cabinet Installation: *must be signed by paying Client/Contractor

If you choose NOT to have TK&BS handle the installation of your cabinetry, ALL of the above details are the full responsibility of you and your contractor. Detailed drawings and instructions will be provided for the installation. If moldings are cut wrong and additional material is required, then charges will apply. Future cabinetry adjustments, field visits, labor for warranty work, and touch ups will also be billed hourly by The Kitchen & Bath Showroom.
